Aerobic gymnastics Level 4 coach
Aerobic Gymnastics Brevet Judge since 2004
Aerobic Gymnastics National TC judge convenor member
BG Tutor and examiner
London Licencing officer 2000 – 2003

Describe how your personality, experience and skill-set support your nomination as Technical Committee Chairman

I am good at getting people to work together and produce a capable and resourceful team. I am currently chairing the national aerobic development group to overcome problems that had developed and we are succeeding in re-building a strong group of expertise to re-unite the discipline together. My organisation, administration and IT skills are developed and effective and kept up to date. I invest time with new technology to ensure the most efficient processes are in place. Having been the competition scorer at WA events in London since 1999 I have vast event experience within the region. I have also attended many National competitions and training conferences. Having held a brevet qualification in aerobic gymnastics, I also have many international, European and World events that I have officiated at.

What does success look like at the end of your three year term in office? Outline how you would drive this discipline forward?

Increased participation of gymnasts at all levels. The continued development of a team of well-educated judges, the re-involvement of our national/brevet judges in region. A strong succession of young coaches/judges who want to get involved in the TC to progress the discipline in the region.
