W9 3HY**

Election and Appointment Process.

The Chairman of each TC is elected at the technical assembly for that particular discipline, by a majority vote of the voting members present. The TC Chairman shall serve for a period of 3 years, but may stand again. When submitting the nomination for chairmanship, a full CV must accompany the application. The CV will be distributed to the voting members and should address the criteria for the office of Chairman.

TC Chairman (Mandatory)

The Technical Committee Chairman, in conjunction with the TC will be responsible for all matters relating to the implementation of British Gymnastics and London Gymnastics Policies and will:

- Be responsible for the implementation and administration of technical matters, specified in the British Gymnastics Technical Regulations and Competition Regulations of the Year Book.
- Ensure that the overall direction and focus of the discipline is consistent with the objectives and strategies set out in the British Gymnastics Strategic Plan and those priorities of London Gymnastics.
- Be the discipline's Technical Representative for London Gymnastics. • Provide a TC Report for the London Gymnastics AGM
- Chair all scheduled and relevant meetings and check Agendas and Minutes for all meetings, or nominate an appropriate representative.
- Attend London Gymnastics events or nominate an appropriate representative to cover the duties of the Chairman
- Be responsible for the planning, coordination and delivery of the discipline's Competition Programme.
- Represent the views of the discipline (and its members) at the JTC meetings and produce reports as required (appointing a representative of the TC if unable to attend)
- Be available to be consulted by or liaise with the discipline community throughout the year.
- Organise and deliver the disciplines technical assemblies: disseminate information: present changes to the disciplines programme.
- Encourage a mentoring system amongst the TC and Sub-Committee Members to ensure succession planning.

Desired Criteria for Chairman

Knowledge and understanding of the discipline

- Respected within the discipline community
- Good organisation, administration, planning and IT skills
- Event experience
- Interpersonal skills and communication skills
- Team player
- Judging and or Coaching Qualification (may be lapsed)

CURRICULUM VITE

Discipline	Rhythmic Gymnastics
Name:	Monika Vedrichkova

Outline your previous experience and involvement in Gymnastics.

My interest in the position of London Rhythmic Gymnastics Chairman derives from my 20 years experience in gymnastics field. As a member of the Bulgarian National Gymnastics Team I have won over 130 medals from different national & international tournaments and Grand Prix, which has greatly influenced my decision to pursue coaching career in the field. I am proud to be the founder and Head Coach of Anna's Gymnastics Academy and I will do everything in my power to pass my skills and great passion for rhythmic gymnastics to everyone and anyone interested in our sport. From 2010 until 2012 I had been working as a club coach in Hillingdon School of Gymnastics, where I and my co-worker Villy Antonova have managed to accomplish the best results in Great Britain, by producing 4 British Overall Champions, 2 Silver Overall British Medallists, 8 Overall English Champions, 1 Silver Overall English Medallists as well as successful participation in two Junior European Championships in 2011 and 2012. I have worked in a number of clubs in London (including Sponte Sua, A&V, Lagad), where I have managed to get valuable experience and insight of challenges that many clubs face.

Describe how your personality, experience and skill-set support your nomination as Technical Committee Chairman

I am a flexible and responsible individual, able to work under pressure and demonstrate the results. I strongly believe that my passion for gymnastics combined with my work experience as Project Manager in the world's largest investment bank make me a great fit for this role.

Good organisation, administration, planning and IT skills:

I work full time as a Programme/Project Manager in JP Morgan Chase & Co. I am currently accountable for governing, planning and delivering large change programmes with significant global cross-functional impact. I manage the implementation of new financial regulations within all regions of the bank, which involves the delivery of end-to-end process including IT development, strategic internal operating models and business process changes.

Large scale project planning, escalation of Risks/Issues and Dependencies, IT knowledge and recordkeeping of working groups, decisions and actions, are all skills that I use daily, as they lie at the core of my profession.

Interpersonal skills and communication skills

To be able to successfully drive change through a large financial institution, I frequently liaise with all lines of business leads, the Legal, Compliance, Operations, Technology teams. I organise and lead weekly and bi-weekly Working Groups with targeted audience to ensure all project requirements are captured and actions are allocated to the appropriate owners. Having excellent interpersonal and communication skills is absolutely crucial in the environment I work in. I have received excellent feedback from all stakeholders in my projects, which demonstrates my ability to communicate, persuade and successfully drive change and improvement.

Event experience

I am currently a member of the JP Morgan Networking Committee, as part of which I organise events such as Summer & Christmas Parties as well as Sports initiatives.

Event Experience 2009 – 2013:

- Part of the team responsible for the organisation of the International tournament 'Impala Cup', which brings together world renowned Rhythmic Gymnastics clubs from over 15 countries.
- Responsibilities included communication with potential sponsors, raising of the funding, local and national advertisement as well as communication and organisation of accommodation and venues for more than 300 guests.
- Translation of official documents and articles related to the event as well as the development of Gymnastics internationally

- Assistance with operational matters such as the acquisition of visas of the participants, arrangement of the transport etc.

Team player

- **In Banking:** I was appointed as a Team Lead in 2015 while working for HSBC Bank Plc as part of the Delegated Reporting Service team. This managing a team of 6 people and providing excellent client service.
- **In Gymnastics:** I am the Head Coach and the founder of Anna's Gymnastics Ltd. Working together with my coaches towards building a safe and enjoyable environment for our gymnasts has proved our ability to work together and be a great team.

Judging and or Coaching Qualification (may be lapsed):

I have Level 3 Coaching qualification as well as safeguarding and protecting children certificate. I am also a National Judge and look forward to acquire my International judge qualification in the next Olympic cycle.

What does success look like at the end of your three-year term in office? Outline how you would drive this discipline forward?

In three years time, I would like to see London Gymnastics operating as a strong cohesive unit, with clear governance and reporting structure, which each club can use to highlight issues, actions and suggestions. To this end, I would aim to create a more organised and cohesive environment, which would benefit the entire rhythmic community in London and beyond. I want to see London growing as a Rhythmic Gymnastics region, both in number of gymnasts and quality of work they demonstrate.

To deliver this objective I will work with all RG clubs in London to build a multi year project plan. This will include:

- Finding a meeting venue (this task has already been complete)
- Checking members availability and organising a bi-weekly meeting (conference lines have already been arranged for clubs who would prefer to dial in)
- Taking minutes from each meeting and keeping an up to date RAID log (Risk/Issues/Assumptions/Dependencies)
- Building up a clear prioritization/escalation process, where top issues and priorities will be escalated to London Gymnastics
- Agreeing a multiyear timeline for all tournaments, camps and events. Each event to be viewed as a project (part of the multi-year programme) with clear objectives, milestones and owners.
- Roles and responsibilities to be agreed and signed off at the beginning of the mandate.
- Scheduling time with London Gymnastics Committee to present Programme and Project Status, Accomplishments and future milestones.

SMART approach to be used for every deliverable (Simple, Measurable, Achievable, Relevant, Timely)
Programme RAG status to be introduced (Red/Amber/Green)
