## Foreword

The Adult Gymnastics British Championships is open to anyone aged 18 and over regardless of experience or ability, with the opportunity to socialise and compete.

The event creates a fun and relaxed atmosphere where competitors can meet like-minded people whilst showcasing their gymnastics skills to one another.

Competition entry for the Adult Gymnastics British Championships is in accordance with BG entry to competition policy which is based on coaching qualifications.

Regions/Home Nations remain entitled to determine the criteria for entry in their own Regional events using the Adult Gymnastics British Championships framework, however, competition regulations for the Adult Gymnastics British Championships will be published annually in the British Gymnastics National Competition Handbook.

The Acrobatic Technical Committee is pleased to present the Adult Gymnastics British Championships Rules and Tables of Difficulty for 2019.

## 1.0 GENERAL INFORMATION

### 1.1 Entry Instructions

All entries are to be made via a BG registered club using the online entry system on the GymNET portal. Only club secretaries and coaches who have been granted the correct entry permissions will be able to submit an entry. An online entry guide can be found [here](#).

For support or assistance with your entry please contact the Events department on 0345 129 7129 ext. 2396 or at [events@british-gymnastics.org](mailto:events@british-gymnastics.org)

### 1.2 Age Bonus

All competitors will be given a bonus of 0.1 per five years over 20 years of age. No age bonus is given to 18, 19 & 20 year olds.

A competitors' age will be calculated as the age reached in the year of the competition. The age bonus will be added to the total score.

Age	18-24	25-29	30-34	35-39	40-44	45-49	50-54	55-59	60-64	65-69	70-74
Age bonus	0	0.1	0.2	0.3	0.4	0.5	0.6	0.7	0.8	0.9	1.0

### 1.3 Scoring

The score is used in determining the rankings of competitors and the score is determined by adding together:

- The average mark for Technical merit, which is then multiplied by two. This has a maximum score of 20.0 (Execution or E score)
- The average mark for Artistic merit which has a maximum score of 10.0 (Artistry or A score)
- The Difficulty Value of Grades is calculated as shown in section 5 (Difficulty).

Penalties are taken from the Total Score by the Chair of the Judging Panel (CJP) and the Difficulty Judge (DJ) in accordance with the current FIG Code of Points.

$$\text{E score} + \text{A score} + \text{D score} = \text{Total Score} - \text{Penalties} = \text{Final Score}$$

If four technical and four artistry judges are used, the average is determined by eliminating the high score and the low score and taking the average of the middle two scores. If only three technical and three artistry judges are used, the average is determined by taking the average of all three scores.

For all competitions, the execution and artistry of performances are each evaluated from 0 – 10.0 to an accuracy of 0.001.

$$\text{Final Score} = \text{Total Score} + \text{Age Bonus} - \text{Penalties}$$

### 1.4 Teams

- A minimum of one pair + one group + one other partnership
- A maximum of two groups + three pairs
- The highest three execution scores + age bonus' = final team score
- Non-British citizens competing as guests can form part of a team, but the team will not be eligible to rank in the official competition results
- All gymnasts within the team must be members of clubs from the same region
- Competitors can only represent one team
- Mixed gender teams are encouraged

### 1.5 Apparatus Specification

The competition apparatus will be as per FIG with the exception of extra 10cm mats being allowed in warm-up.

## 2.0 COMPETITION STRUCTURE

This document should be read in conjunction with the Tables of Difficulty (Appendix F).

### 2.1 Competition Categories

Competitors may only compete in each category once i.e. a female competitor may enter Women's Pair, Mixed Pair and Women's Group, however, they can only be represented in one partnership per category.

The Acro competition consists of five categories covering one level of competition:

1. Men's Pair - Two male competitors

2. Women's Pair - Two female competitors
3. Mixed Pair - One male competitor (male must be base) and one female competitor
4. Men's Group- Four male competitors
5. Women's Group- Three female competitors

## **2.2 Tie Breaks**

Ties will not be broken.

## **2.3 Height Deductions**

There will be no height deductions.

## **2.4 Length of Exercises**

All exercises have a maximum duration of 2 minutes 30 seconds. There is no stipulated minimum. There is a 2" (second) tolerance before the automatic overtime of exercise penalty is applied. The first note of the music or move made by one or more competitors from their starting position is considered as the beginning of the exercise. The end of an exercise must be a static position and not an element of difficulty. The timing of the exercise continues until the last movement of the gymnast(s). Difficulty and Special Requirements are given to elements performed after the music has ended.

## **2.6 Musical Accompaniment**

All exercises are performed to music, one exercise may be performed to music with words, with respect to the FIG code of Ethics. If this is the case the coach must highlight on the appropriate tariff sheet which routine uses words.

All music used in competition routines must conform to the relevant licensing requirements. Details may be found [here](#)

Certain tracks belonging to Disney, Andrew Lloyd Webber and Cirque du Soleil can be used but this should be checked on the PPL website to confirm the track is included within their repertoire.

All music must be uploaded via the BG website in line with the timeframes set out in the Competition Handbook. Late submission of music will incur a financial penalty.

### 3.0 JUDGING

- Any static Pair/Group element held less than 1 second = 0.9 time faults + no Difficulty and no Special Requirement credit given

- Any static Individual element held less than 1 second = 0.6 time faults + no Difficulty and no Special Requirement credit given

All exercises are judged for Artistic merit, in accordance with the current FIG Code of Points (see Appendix B for artistry judging sheet adapted for NDP9).

The minimum Artistry score is 5.00 and the maximum Artistry score is 10.00.

Descriptions of the Artistry criteria:

- Partnership (Maximum 2.0) - Partnership selection that creates a logical relationship between individuals in pair or groups that is characterised by a visible connection
- Expression (Maximum 2.0)- Making the audience understand your thoughts or feelings, character, attitude. Gymnasts convey a particular emotion
- Performance (Maximum 2.0) – The act, process or art of performing by using amplitude, space, pathway, levels and synchronisation
- Creativity (Maximum 2.0) - Display imagination, originality, inventiveness, inspiration, Variation in: composition, entries / exits, elements
- Musicality (Maximum 2.0) - Gymnasts express the music throughout the performance:
  - Match movement and form to the rhythm, melody and mood of the music being played
  - Synchronise with music beats
  - Vary the magnitude or speed / tempo of movements with music
  - Use expressive movements that are influenced by melody, variations in rhythm and mood or combinations of these

## 4.0 COMPOSITION OF EXERCISES

All competitors are required to perform two routines:

- Balance routine
  - For Pairs, a balance routine must contain 5 Balance Pair elements each with a minimum of a 3 second hold
  - For Groups, a balance routine must contain 3 different pyramids each containing a minimum of a 3 second hold
- Dynamic routine
  - For Pairs and Groups a dynamic routine must contain 5 Dynamic Pair/Group elements

In addition to the pair/group elements required, each competitor must perform the required number of individual elements in each routine:

- Balance Individuals
  - In a balance routine, competitors should perform 3 individual elements. One element should be from each of the following categories in the Tables of Difficulty: Agility, Flexibility or Static/Strength (held for 2 seconds).

All partners do not need to perform individuals from the same difficulty box in the Tables of Difficulty.

- Dynamic routine
  - In a Dynamic routine, competitors must choose to perform one individual from the tumble boxes in the Tables of Difficulty.

Again, all partners do not need to perform the same individual or from the same box.

#### **4.1 General Rules**

- The drawings in the NDP Tables of Difficulty are only a guide to the general shape of elements
- Elements should be selected to show optimum variety
- Elements may be performed with minor stylistic variation from the element pictured in the NDP Tables of Difficulty and are not considered as different elements
- Elements from different rows may be linked where the NDP Tables of Difficulty allow
- No element can be repeated in a grade and claimed for Difficulty and/or Special Requirements
- Only elements declared for difficulty need to be shown on the Tariff Sheet
- If a different element is performed to that declared on the Tariff Sheet then no difficulty will be given and a 0.3 deduction for incorrect tariff sheet will be taken but the element will count for special requirements
- Entries and exists to elements are optional unless specified in the Tables of Difficulty

#### **4.2 General Clarifications**

- When a lever is stated in the element descriptions it may be performed in either a straddle or pike lever position. There is no need to identify the specific leg position on the tariff sheet
- A handstand may be performed with legs either apart or together in all positions of handstand in both pair and group balance and dynamic elements. There is no need to identify the specific leg position on the tariff sheet
- The directions of handstands during balances are optional unless stated in the element descriptions
- Motions to sit or splits are optional unless stated otherwise in the in the NDP Tables of Difficulty
- In sitting the Base's legs may be together or in straddle unless stated otherwise in the element descriptions

#### **4.3 General Restrictions**

- It is forbidden for women pairs and women's groups to work on the back of the neck (except where there are two points of support) or top of the head
- Men may not perform Mexican or ring handstands
- A catch to wrap (i.e. legs astride the hips of the base) may only be performed with straight legs and is forbidden for men
- In mixed pairs the base must always be the male

- Landings must be supported for all dynamic elements unless otherwise stated in the in the NDP Tables of Difficulty

#### **4.4 General Special Requirements**

- Each pair/group box in the Tables of Difficulty counts as one element
- All pair/group balance elements must be held for a minimum of 3 (") seconds unless otherwise stated in the NDP Tables of Difficulty
- When a mount or a motion is declared for difficulty credit, the final position must be held for 3 seconds
- Individual elements with a static hold ('Stand') must be unsupported by partners to be considered for difficulty value. These elements must be held for 2 (") seconds
- Each partner of a pair or group must perform a maximum of three individual elements, one from each row, from Tables of Difficulty
- All partners do not need to perform the same individual but they must perform individuals from the same row either simultaneously or in immediate succession, but they cannot overlap. E.g. back-walkover cut to splits, then a hold in splits, counts as one element, not two separate elements

### **5.0 DIFFICULTY**

Each element chosen from the Tables of Difficulty has a stated Difficulty Value, which is used to determine the overall Difficulty Value of the exercise. There is no minimum requirement for difficulty and any element can be selected in line with rules for exercise construction. The difficulty of each element is calculated according to the column in which it falls in the Tables of Difficulty.

The values of the pair/group elements performed are added together to provide the total difficulty for the exercise.

Individual Elements are not used in calculating the difficulty value of the exercise, although they must be performed to meet Special Requirements.

The difficulty value of the exercise is converted to a difficulty score by dividing the difficulty value by 10.

## **APPENDIX A - Competition Attire, Accessories and Aids**

- All elements to be performed must be included on the tariff sheet in the order of performance (if the elements are out of order, a penalty is applied only one time per exercise)
- The intended timing of all static holds, including individual elements must be declared
- In instances when the illustration and the reference are not consistent on the tariff sheet the illustration will be taken as the correct declaration of the element
- Where an element performed is not the declared pictorial form, providing the new element is from the same row it will receive no value although will count towards Special Requirements
- Each missing element will incur a penalty of 1.0 for Special Requirements and a further deduction of the maximum element value for the respective row. Time faults will also be applied
- It is the responsibility of the coach to prepare and ensure that the tariff sheets are correct
- All tariff sheets must be submitted on the morning of the competition
- Elements need to be either copied and pasted from the Tables of Difficulty or hand drawn together with the Row/ID number and value. All difficulties together with the total exercise difficulty need to be entered into the tariff sheet and the overall exercise difficulty should be calculated automatically
